

BENEFITS OF

GREEN HOMEBUILDING

What's green for the environment will also put more green in your wallet. Look for builders and new home construction that helps you reap the following benefits:

1. INCREASED PROPERTY VALUE

There is an uptick in new home owners asking for green features

2. REDUCE DAY-TO-DAY OPERATIONAL COSTS

From energy efficient appliances to high performance windows, monthly energy bills are greatly reduced

3. SAVE WATER

Our world's most precious resource can be cut up to 15%

4. BETTER INDOOR AIR QUALITY

Green building use nontoxic materials

5. HIGHER RESALE

Knowledgeable green home buyers know they will get a higher return on investment

6. LOWER MAINTENANCE COSTS

Sustainable landscapes and exteriors save on upkeep
